Synergy Newsletter September 2022 Edition

Issue 19

Greetings Everyone,

Welcome back! We hope you had a great summer and were able to spend time with family and friends. It feels like this school year start-up seems so much closer to the "old normal" and that is a true blessing. We will continue to see improvements throughout the year as manufacturers and commercial distribution gain traction and capacity. At Synergy Food Sales, we've been busy this summer working hard to continue providing what you need. Never hesitate to contact us with questions or needs, we are K-12!

This Back-to-School issue will focus on both current and new manufactures, featuring the 21 clients Synergy Food Sales represents along with great National School Lunch and Breakfast Program insight from contributing state agencies. You will also meet and learn more about three important individuals within this newsletter in our "Meet the Director, Manufacturer and State" sections.

Since our last issue, Synergy Food Sales has added six new manufacturers to our arsenal: Bar Fresh, Cooper Street, Gold Creek Foods, JA Food Service, Nick's Famous BBQ and The Amazing Chickpea. You will see them highlighted throughout this newsletter. We were privileged to attend the School Nutrition Association— Annual National Conference this past July in Orlando, FL. We had a great time and were able to see several of you! This newsletter is jam packed with great information about each of our clients, we hope you think so too.

Don't forget to review our "Quiz Time" contest at the end of this newsletter. Submitting the correct answers will provide you a chance to be a winner of one of seven Target gift cards, courtesy of our featured manufacturer, Gold

Creek Foods!

Thank you for reading this and we appreciate YOU!

The Synergy Team,

Tom Hoenig, John Pickert, Andy Dudenhoeffer,

Diana Blanck & Kristine Bridgeman

Andy, Kristine, John and Tom striking a pose while at SNA-ANC in Orlando, FL.

Meet the New Manufacturers

Operators in every segment are discovering how easy and profitable it is to serve freshly made frozen beverages. At Bar Fresh, we're committed to helping all foodservice businesses benefit from the profitability of the exploding frozen blended beverage phenomenon. With just a blender or a frozen beverage machine and water, Bar Fresh products deliver perfectly portioned, delicious smoothies, shakes and frappes with no artificial ingredients.

From our headquarters in Beverly Hills, California, we're surrounded by a community focused on a healthy lifestyle. This inspires us to always be creating fresh, on-trend flavors as we expand our product offerings. We're committed to bringing the ease of world class beverages to our customers across the nation in the K-12 and Foodservice markets.

We feel good when we help people feel healthier. It's our mission to make delicious, freshly blended frozen beverages available to just about everyone. As consumer demand increases for healthier choices, we offer you a simple and profitable solution with minimal labor and zero waste. In less than a minute, you'll be serving a perfectly blended beverage, every time.

Ensconced in the family's Colorado cabin located on Cooper Street, Michigan mom, Elaine Surnow, found a generations-old family cookie recipe and began to bake. Unsatisfied with all the big-company, junk-filled alternatives, and unwilling to compromise on taste, she was determined to build a better cookie for family & friends. Using only simple & pure local ingredients and with love and attention to every detail, Elaine baked and sliced and baked again to create a delightfully crisp and light cookie that became an instant holiday smash.

Today, Elaine's original recipe based on quality ingredients with no nuts, no dairy and nothing artificial is delighting cookie lovers of all ages. With just the right combination of delicate sweetness, light crunch and old-fashioned goodness, Cooper Street Cookies are the perfect accompaniment to your favorite beverage or an indulgent anytime snack without the guilt.

Meet the New Manufacturers Continued...

Gold Creek Foods takes school nutrition seriously – by providing a wide range of healthy, delicious foods that students love. Our K-12 chicken offerings are a hit with children and your budgetary needs.

Our wide range of products offer the highest quality protein, with an emphasis on maximizing nutrition and taste. Gold Creek Foods understands our part in feeding America's future, and we are proud to be able to support a brighter tomorrow.

We work hard because we are passionate about what we do but recognize that it is continuous improvement that matter. While we may be casual in our interactions with each other, we are focused and serious about the operations of our business. We believe in working hard and putting in the extra effort to get things done, to always deliver superior products to the marketplace – and recognize the 'getting things done' part ultimately means more than the path to getting there.

JA Foodservice provides shelf stable meals for government funded feeding programs. We make meals kits that are ready to eat and last for 6 months or more, with no refrigeration. Our clients are organizations that set-up meal programs through the state. We do all of the nutritional analysis of potential food products and create menus based on the regulations surrounding each specific feeding program.

We offer easy menu-planning with pre-formulated meals, complete with nutritional data or we can help personalize a menu plan to your exact needs. We are happy to provide you with a total solution for your meal program!

Meet the New Manufacturers Continued...

Nick's Famous Bar-B-Q has been producing great tasting barbecue since March of 1990. The founders felt the city of Nashville and the Middle Tennessee area needed a quality, signature product that could be easily obtained from retail and wholesale outlets.

Nicks has grown steadily since 1990. Over the years, the facility has been expanded and larger capacity smokers have been added to serve the ever increasing demand. While the facility has changed and grown, our commitment to providing a high quality, great tasting barbecue has remained our cornerstone and guiding principal.

We smoke for 18 hours using hickory wood to create Nicks Famous Bar-B-Q. The gas-fired ovens ensure consistency during the cooking process as well as assure a perfect product, every time! Our proprietary sauce recipes provide a great flavor without over powering the smoke infused taste. All that's in our barbecue is quality pork and spices, no fillers, artificial colors or additives. Compare our label to others in the marketplace and you'll see that what we don't add to our barbecue is as important as what we put in.

We offer three varieties of barbecue for the commodity program. Our barbecue is low in sodium, high in protein and unlike many other products doesn't use artificial flavor, smoke or color. Nicks Famous Bar-B-Q is a healthy, tasty addition to any lunch program and something your students are sure to love.

The founder's oldest daughter loves peanut butter but she could not offer PBJ sandwich to her friends due to nut allergies. Having realized the limited options for great-tasting and truly healthy snack options, he decided to look for an alternative way of providing protein rich Peanut Butter tasting spread without nuts, so parents wouldn't have to deal with this avoidable allergy issue. The Amazing Chickpea is committed to helping parents feel confident knowing their children are eating delicious, allergy-free and healthy, so they can develop to their full potential.

He started selling The Amazing Chickpea butter spread to local twin cities farmer markets, finding customers surprised at how similar The Amazing Chickpea tastes like peanut butter. Now after two and half years, The Amazing Chickpea is sold in retail stores, not only in the USA but Canada as well. Later on, he created a chocolate flavor of The Amazing Chickpea, Choc -a-Chic, that tastes like popular hazelnut spread brands but contains less sugar and fat, and it contains no nuts!

State Updates

Illinois State Board of Education:

CCC USDA Foods and CCC DOD Funds

Illinois Sponsors can Request USDA Foods and DOD Fresh

On Dec. 17, 2021, Agriculture Secretary Tom Vilsack announced that the Biden-Harris Administration is providing up to \$1.5 billion to states and school districts to help school meal program operators deal with the challenges of supply chain disruptions brought on by the pandemic. To support the USDA Foods in School Program, \$300 million has been dedicated to support food orders through USDA's Commodity Credit Corporation (CCC).

Illinois' fair share of the \$300 million was \$10,217,237, and our spending options included USDA Foods and DOD Fresh produce. ISBE allotted half of the funds to USDA Foods and half to DOD Fresh produce.

How to Request USDA Foods: USDA Foods funded by CCC appear in the Illinois Commodity System (ICS), on the program year 2023 Annual Order Form, Bonus Tab. Schools may place orders for CCC foods now. The CCC foods will be in addition to program year 2023 PAL/entitlement orders. We cannot guarantee that you will receive all of the bonus CCC foods that you request, but \$5 million purchased a significant amount of food, and we anticipate that you will receive a significant portion of the foods you request. CCC foods will be delivered to schools along with PAL/entitlement foods, during School Year 2022-23.

How to Request DOD Fresh: DOD Fresh CCC funds will be available in FFAVORS beginning July 1, 2022. All DOD orders placed under NSLP after July 1, 2022, will be funded by DOD Fresh CCC funds until Sept. 30, 2022, or until we run out, whichever comes first. USDA set the timeframe, and it is not flexible. All CCC DOD funds must be used by Sept. 30, 2022, or we lose them. Also, CCC DOD funds are allotted in FFAVORS at the state level, not the school district level.

Please request and accept as much CCC USDA Foods and CCC DOD produce as you can effectively utilize in your School Nutrition Programs.

Email fdp@isbe.net or call (800) 545-7892 with questions.

State Updates Continued...

Missouri Department of Elementary and Secondary Education

As the 22/23 school year begins, we wanted to provide some information and reminders regarding your commodity foods program.

NEW! Missouri USDA Food Program Procedures Manual – Now posted on the USDA Foods website, this manual will provide contacts, definitions and in-depth information on the commodity foods program.

USDA Brown Box Foods are experiencing supply chain issues resulting in cancellations or delays. Please check the <u>Canceled and Adjusted USDA Food, Brown Box Orders</u>, for the latest information.

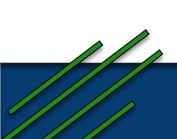

Bonus Foods are available. Currently we are offering chicken fajita strips, beef hamburger patties, beef crumbles, sliced ham, mozzarella string cheese, egg patties, spaghetti sauce, salsa, shredded cheddar, and shredded mozzarella as bonus items while supplies last. To add these to your monthly Gold Star delivery, email <u>aliciasehne@goldstarfoods.com</u> and request the number of cases you want. Coming soon Gold Star will add a Buy, Sell, Trade option to their order portal. Schools will be able to see bonus items available and add these items to their monthly orders.

USDA Value Letters by LEA will be posted soon. The authorized representative will receive email notification when letters are available for viewing.

Gold Star Foods is the warehouse distributor for Brown Box and Fee-For-Service commodities. In order to receive a monthly commodity delivery, please log into your Gold Star account and "re-order" the items and quantities that were originally requested on your annual commodity foods packet. Also, select your preference of delivery date.

Two days prior to the scheduled delivery, Gold Star will send a confirmation email with the delivery date, time (2 hour window), and location. Print your Gold Star delivery request and compare it to the items received on the bill of lading (delivery ticket) when your delivery arrives. Mark any shortages or damaged items on the bill of lading, note the total cases received, and sign and date it. Retain a copy for your records. Please refuse and return any items that were not ordered and not on the bill of lading. Because of Gold Stars live inventory system, you are responsible for paying for FFS products that appear in your bank whether you choose to have them delivered that month or not. However, if you chose not to receive your products for the given months delivery, they will be force shipped the next month.

KOREAN BBQ MEATBALL RICE BOWL

INGREDIENTS QTY. (50 SERVINGS) Sauce Apricot jam 1 qt. 1 c.

Soy sauce, reduced sodium 1/2 c. 1 tbsp. Gochujang sauce 1 1/B C. Rice vinegar 1/2 c. 1 tbsp. Sesame oil 2 tbsp. JENNIE-O* Turkey Meatballs .65 oz. #19200, thawed 12 lb. 2 oz.

Mixed Asian Vegetables, Frozen 6 lb, 2 oz. 1 gal. 2 qt. 1 c.

Rice. Prepared

DIRECTIONS

- 1. Mix the jam, soy sauce, gochujang sauce, rice vinegar, and sesame oil together to make a smooth sauce.
- 2. Place the meatballs into 2" hotel pans. Pour the sauce over the meatballs and stir to coat them. Place in the oven at 350°F for about 20 minutes to heat them through to 165°F.
- 3. Steam the vegetables until they are tender crisp.
- 4. To build the rice bowl, put ½ cup (#8 scoop) of hot rice into a 12 oz. bowl or pagoda pail. Top with 1/4 cup vegetables and 6 meatballs with sauce.

SOBA NOODLE BOWL

INGREDIENTS	QTY. (50 SERVINGS
Soba or whole grain spaghetti, dry	6 lbs. 4 oz.
JENNIE-O* Turkey Meatballs .65 oz. #19200, thawed	8 lbs. 2 oz.
Broccoli florets, RTU	2 lbs. 3 oz.
Red bell peppers, sliced	2 lbs. 9 oz.
Green onions, diced	10 ea.
Terivaki sauce prepared	1.01

DIRECTIONS

- 1. Cook noodles until al dente. Drain and rinse with cool water.
- 2. Place meatballs on a parchment lined sheet pan. Brush meatballs lightly with teriyaki sauce. Heat in a 350°F oven until internal temperature reaches 165°F as measured by a meat thermometer.
- 3. Steam broccoli and peppers until crisp tender.
- 4. Divide broccoli, peppers, and onions in 2" hotel pans.
- 5. Toss noodles together with teriyaki sauce and vegetables.

Place in a 350°F oven to heat through.

6. Portion 11/4 c. noodles and vegetables for each serving. Place 4 meatballs on top of noodles. Serve immediately or hold at 140°F.

Get Back to School with J.T.M.

We want to thank everyone who participated in the first annual J.T.M. K12 Crave Collection! We were overjoyed with the amount of submissions and can't wait to see what you can come up with for next year. Traditional Red Sauce BBQ

This is a tomato based, red sauce that has a bold & sweet flavor. This is a traditional, western styled barbeque.

Signature Sauce BBQ

This is our Signature, classic vinegar based sauce. This sauce pairs perfectly with the hickory smoked pulled pork. The sauce acts as a natural tenderizer adding a distinctive flavor to the barbecue.

Semi-Dry BBQ

This is made from our Signature, vinegar based sauce, just a lighter version. It's perfect for those who enjoy less sauce in their barbecue and those that want to add their own sauce.

Katlyn Lanoue Director of Child Nutrition Raymore-Peculiar School District

Food Service Director Since: 2022

Family: Husband-Bret, Sons-Calvin and **Emmett**

High School: **Derby, KS**

Favorite Famous Person: Eleanor Roosevelt

If you were in an eating competition, what could you eat the most of: **Sushi!**

Hobby or activity you are most passionate about: **Dance**

When/how did you get started in the food service business: I have always loved food and cooking but I hated school meals growing up. When the dietitian role became available at Kansas City Public Schools in 2016, I welcomed that challenge to see how I could make a difference/impact. My passion for child nutrition has continued to grow and I can't imagine doing anything else! I am constantly learning something new from my peers and students.

If you were not a foodservice director, what do you think you would have been? Astronaut

Meet the Manufacturer

Manufacturer Rep. Since: 2007

Family: Wife-Kathy and Son-Duncan

High School: Brevard High School, Brevard

North Carolina

GOLD CREEK

Director of Commodity Processing

Gold Creek Foods

Favorite Famous Person: Clint Eastwood-Love all his movies.

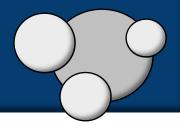

If you were in an eating competition, what could you eat the most of: Oreo cookies with milk

Hobby or activity you are most passionate about: Mentally-Learning about WWII and the strategies and decisions that led to the outcome. Physically-Splitting wood. Fires are hypnotic. I love to split wood and then on a cold day, enjoy the warmth, smell and beauty of a fire burning in our fireplace.

When/how did you get started in the food service business: In 1997, I entered the commodity chicken processing arena. Initially, I was a behind the scenes paperwork administrator. As time went by, I became more involved in sales, food shows, production discussions and meeting with USDA. 25 years later, I am still as committed to Child Nutrition as ever. I find this segment of our business to be rewarding because of the impact we make on children's lives. It makes me proud to know that, we at Gold Creek, contribute to feeding almost 700,000 students every day.

If you were not a foodservice director, what do you think you would have been? Major League Baseball Bullpen Catcher

Meet the State

Ronda McCullick

Director of Food Distribution Program

MO Department of Elementary and
Secondary Education

State Office Employee Since: 2022

Family: Twins-Dustin and Kykie, and Husband –Kevin

High School: Minneapolis, (KS) Lions

Favorite Famous Person: Doris Day

If you were in an eating competition, what could you eat the most of: **Tomatoes, especially fresh from the vine with some mozza-** rella!

Hobby or activity you are most passionate about: **Gardening—I have a green thumb when it comes to flowers and love to spend** time in my yard. However, I can't seem to get a tomato plant to grow. Therefore I have to buy my beloved tomatoes!

When/how did you get started in the food service business: When I graduated from K-State, (Go Cats!!!) I worked as both a clinical and a management dietitian in hospitals and nursing homes. While I enjoyed these jobs I realized I wanted to impact the health of people before they were experiencing significant medical issues. I took a job in school nutrition and found my passion. After working as a Nutrition Director for 17 years, I have decided to move to my next chapter where I hope I can continue to support our schools and our kids.

If you were not a foodservice director, what do you think you would have been? An Architect
